## NSSF PAC Corporate Member Prior Approval Form

Please fill out only if you are a corporate member of NSSF (or an LLC taxed as a corporation).

The National Shooting Sports Foundation Political Action Committee (NSSF PAC) is a voluntary, bi-partisan PAC formed to help elect federal candidates who support the firearms industry.

Federal law requires all trade association PACs to obtain corporate members' written permission before they may solicit contributions from the corporate member's executive and administrative personnel, stockholders, and their families (collectively known as the "restricted class"). The law defines "executive and administrative personnel" to mean salaried employees who have policymaking, managerial, professional, or supervisory responsibilities (but not foremen or line supervisors).

Providing consent to the NSSF PAC does not limit or restrict your company's PAC (if you have one) from soliciting contributions from your own employees. Please note that a corporation can only give prior approval to one trade association PAC each calendar year. If you provide consent, your company's restricted class is free not to make any contributions.
