MESSAGE FROM THE NEMPAC CHAIR

On behalf of the American College of Emergency Physicians and NEMPAC, thank you for your unwavering support in the past election cycle. Your generous financial contributions, along with those of your ACEP colleagues, provided NEMPAC with the resources to take part in the most expensive midterm election in our nation's history. You helped us to raise more than $2 million to support incumbents and new candidates willing to work on issues important to emergency medicine and patients. We could not have made an impact without each and every NEMPAC supporter. So again, thank you.

2019 is a new year and a new opportunity to establish relationships with the freshmen members of Congress and continue to nurture relationships with legislators that have met our candidate guidelines for support for many years. While we celebrate our participation in the election process and our recent legislative successes in Washington, DC, we want to reiterate that now is not the time to disengage.

NEMPAC needs your help to keep the voice of emergency medicine strong in the political arena and front and center when Congress is considering health policy. Health care issues will continue to be at the top of the political agenda and debated at both the state and federal levels, especially while many presidential nominees are gearing up their campaign platforms. The progress we make together through NEMPAC gives us an opportunity to continue our work to address health care coverage, mental health issues, physician reimbursement in public and private plans, and to protect access to emergency care for all patients.

NEMPAC depends on each and every one of our ACEP members to help us make a difference. We hope you find our 2018 NEMPAC election cycle report useful and informative. Transparency is our number one priority. Should you have any questions, please contact Jeanne Slade, Director of NEMPAC and Grassroots Advocacy, at jslade@acep.org.

Sincerely,

Peter J. Jacoby, MD, FACEP

115TH CONGRESS ACCOMPLISHMENTS

4 ACEP-developed bills signed into law

30 congressional letters of support or comment submitted

555 legislative visits conducted by ACEP members and staff

4,000+ members in the ACEP 911 Legislative Grassroots Network

5,514 donors supported NEMPAC, the fourth largest physician specialty PAC

$2.2M contributed by NEMPAC to **200 House** and **27 Senate** candidates during the 2018 elections.

ACEP successfully secured passage of four ACEP-developed bills that were signed into law:

The **Protecting Patient Access to Emergency Medications Act** to provide needed clarity on EMS "standing orders" of key medications in the field, like opioids.

The **Sharing Health Information to Ensure Lifesaving Drug Safety (SHIELDS) Act**, included in the 2019 National Defense Authorization Act, to facilitate sharing of prescribing information for active-duty military members and their families between the Department of Defense and state prescription drug monitoring programs.

The **Alternatives to Opioids (ALTO) in the Emergency Department Act** to expand access to alternative pain management treatments in the emergency department.

The **Preventing Overdoses While in Emergency Rooms (POWER) Act** to help expand medication-assisted treatment programs for treating patients with substance use disorders (SUDs) in the emergency department and providing a "warm hand-off" to longer term SUD treatment programs.

Will Rogers once said, "Even if you are on the right track, you will get run over if you just sit there." By participating in NEMPAC, you join thousands of your colleagues in promoting the shared interests of emergency medicine. If you don't participate, you allow others to determine the future direction of our specialty. *That's a risk we can't afford to take.*

2019 LEGISLATIVE PRIORITIES FOR EMERGENCY MEDICINE AND PATIENTS

- Protect patients from surprise gaps in insurance coverage for emergency medical care;
- Ensure patients are protected from insurer practices that discourage safe and necessary use of the emergency department;
- Increase access to mental health resources for patients in need of psychiatric care and prevent "boarding" or holding patients in the emergency department until their inpatient beds are available;
- Expand prevention and treatment options in the emergency department for patients with substance use disorders;
- Promote research in emergency medicine and foster injury prevention activities; and
- Improve safety measures to protect emergency physicians and staff from violence experienced in the emergency department.

GUIDELINES FOR CANDIDATE SUPPORT FROM NEMPAC

- Co-sponsorship of ACEP-supported bills such as EMTALA liability relief and solutions in the ED to combat opioid abuse, drug shortages and access for emergency patients to mental health care;
- Support of ACEP's efforts to protect the Prudent Layperson Standard and fight for fair access to and reimbursement for emergency care;
- Support of funding for firearm injury research, graduate medical education, disaster preparedness, poison control centers, trauma centers and EMSC;
- Relationships with emergency physicians back home and ACEP state chapters;
- Leadership positions and health care committee assignments; and
- **Willingness to work in a bipartisan manner for access to emergency care for all patients.**

The NEMPAC Board of Trustees, comprised of ACEP members, approves a candidate budget for each election cycle. We rely on the input of ACEP state chapter leadership, individual 911 Network members and NEMPAC supporters when evaluating open seat and challenger races. We also ask non-incumbent candidates to complete a NEMPAC candidate questionnaire.

HEALTH INDUSTRY PAC COMPARISON

2018 MEDICAL PAC CYCLE RECEIPTS COMPARED TO NEMPAC

The generous support of thousands of ACEP members provided NEMPAC with the resources to be a key player in the most expensive midterm elections in the history of our nation. We were able to raise more than $2 million to support incumbents and new candidates willing to work with us on issues important to emergency medicine and our patients. But now more than ever, NEMPAC needs your help to keep the voice of emergency medicine strong in DC.

WE MUST REMAIN FINANCIALLY STRONG TO REMAIN A VIABLE, CREDIBLE VOICE AMONG A CACOPHONY OF VOICES FIGHTING TO BE HEARD IN OUR NATION'S CAPITAL.

Contributions or gifts to NEMPAC are voluntary and are not tax deductible for federal income tax purposes. The amount given or refusal to donate will not benefit or disadvantage you. By law, we may only use your contribution to support federal candidates if your contribution is made using a personal credit card or personal check. We are required to provide your employer name, your occupation, and to obtain an original signature of the ACEP member if contributing by credit card. NEMPAC encourages personal contributions. All non-personal contributions to NEMPAC will be used to defray costs of educational programs for NEMPAC and other activities permissible under federal law.
