MISSION

The Coalition to Save Hempstead Harbor (CSHH) is a volunteer, nonprofit organization, founded in 1986. CSHH is dedicated to identifying and eliminating environmental threats to Hempstead Harbor and surrounding communities. Our objective is to advance the public interest in protecting and restoring our local environment to its full ecological and economic potential.

WHAT WE'RE DOING TO IMPROVE WATER QUALITY ON LONG ISLAND

The fundamental force behind CSHH's efforts is the belief that concerned and informed citizens can make a difference in events that

shape the future. We seek to increase awareness of environmental issues and promote greater appreciation of the local environment. Most important, the public is encouraged to participate in local conservation issues.
